**Question No : 5**

In cases where a prospect has multiple instances of ERP systems, Emptoris' Spend Analysis value proposition most accurately reflects:

- A. Ability to pull these sources together, cleansing the data and providing a single common view of a process.
- B. Provide a document management approach as opposed to a continuous synchronization of the document with the data base
- C. A proven track record of capturing savings in categories such as ingredients, raw materials, assemblies, transportation, IT, facilities.
- D. Segment the supplier base across multiple categories, geographies, and business units to manage performance and evaluate capabilities at a local or global dimension.

**Answer: A**
