You work as a graphic designer for WEBDESIGN Inc. You want to assemble sets of images into stacks for processing as high dynamic range (HDR) or panoramic composites in Photoshop CS6. Choose the option that you will select to accomplish this task.

Answer:

CERTKILL

Explanation: The Auto Collection CS6 script in Adobe Bridge assembles sets of images into stacks for processing as high dynamic range (HDR) or panoramic composites in Photoshop CS6. The script collects images into stacks based on capture time, exposure settings, and image alignment.

Question No : 5 CORRECT TEXT - (Topic 1)

Fill in the blank with the appropriate feature's name of Adobe Bridge.

_____provides additional information about the image if you plan to share an image with others or you expect that you will need to retrieve it later from among many images.

Answer: Metadata

If you plan to share an image with others, or you expect that you will need to retrieve it later from among many images, it is helpful to add**metadata**, or additional information about the image, such as keywords and author names. Files generated by digital cameras usually
